INDIA'S LEGAL AI LAB

TECHNOLOGY WITH RADICAL CONTRIBUTIONS TO JUSTICE

Heart & Sight

- **Democratize** legal information, making access meaningful with **intelligibility.**
- Develop **ethical, transparent AI** systems.
- Advocate for **higher abstraction in legal process—** time-costs dilute principal and principle interests.
- Deliver **impactful legal solutions** to individuals, communities, and institutions.

From 2G to 4G: Leapfrog

- Counsel quality will remain unevenly distributed but the quality of legal research need not be.
- India is the fastest growing corporate law market, has the highest legal volumes with 1.8M practicing lawyers, and legal tech budgets are rapidly growing— but legal tech isn't.
- Archaic search engines and timesheet MIS-es are **plain whitespace.**
- jhana will catch up with 15 years of western legal innovation while **building the future first in India.**

Product 1: Your AI Paralegal

- Humanlike assistant **across legal tasks and domains**.
- Iterates to compose **12M+** caselaw, statute, academia, web browsing, and user folders.
- Chat to research the best citations, prep strategy, review contracts, conduct diligence, draft briefs... all in one place.
- Transparent and verifiable; always answers with **quotes, citations, and source links.**

- Reflective—searches various engines and reviews its findings and outputs, **working for N steps until satisfied.** Asks for clarification or admits defeat rather than hallucinate.

Innovation Spectrum

- Alignment as a priority: **debiasing, privacy & security,** and **interpretability.**
- **Ready-to-deploy** assets and **proprietary models** for complex legal tasks.
- AI engineered to be legal-first.
- **10X faster than CaseText** and general local law expertise unlike Harvey/Spotdraft.

The Team

- Harvard grad academics with background in applied ML for high-stakes settings including legal.
- Extensive experience in public sector projects, including the **Gates Foundation, World Bank, RBI, CEAs Office (North Block), and US Treasury.**
